**Learn about our two new partners  
in prevention!**

**SAVE YOUR SEAT NOW**

Every day, as we insure and protect our communities, we look for new ways to help improve the safety of our members. That's why we're excited to announce two new partners in claims prevention - Ting and the vipHome.app!

Join us on February 28th at 11 a.m. EST for a live introduction to our new prevention partners, so we can share with you how Ting and the vipHome.app can help to make our members' homes and families safer.

### About Our New Partners

Of all home fires, the most destructive are electrical, which is why we are now offering a Ting sensor and fire prevention service through our partnership with the vipHome.app. Ting is proven smart home technology that plugs into an outlet and monitors a home for electrical fire hazards.

The vipHome.app is a digital home management solution that helps your clients know what to do and when to do it around the home. This app can help to reduce the frequency and severity of claims as well as increase engagement and retention.

**SAVE YOUR SEAT NOW**

We're excited to help protect what matters most to our members and your clients - their homes and families!

Thank you!  
Jamie Murphy
