

## *Replacement Cost Estimator*

As part of our continuous improvements to enhance our website and systems, we have transitioned the e2Value Replacement Cost Estimator from its standalone website. This means the e2Value Replacement Cost Estimator website link has been turned off on the website.

But no worries, the Replacement Cost Estimator is now conveniently integrated into our Finys system! This integration allows you to access and utilize the Replacement Cost Estimator directly within the Finys system when you log in and quote. We believe this will streamline your workflow and provide a more seamless experience.

Thank you for your continued support and partnership as we continue to improve our services.

Sincerely,

The Security Mutual Group Team
